Dear Robert:

On behalf of the Packers and the staff of AFF Research, LLC, I want to thank you for your service to the Community Advisory Council, to the Lambeau Field Post-Construction Project and the Green Bay/Brown County community.

Although progress is sometimes difficult to see, it's indisputable that the matter of diversity and the necessity for including all citizens in matters that affect Green Bay and Brown County have come to the forefront in the last several years. This progress is — in no small part — because of the momentum created by the Lambeau Field project, both during the construction and post-construction phases.

Your participation in the CAC have helped to create this momentum, and I'm confident that those of you who will participate in the Targeted Business Owners Network [TBON] will continue in this very important work.

Thank you for your work on the Community Advisory Council. We appreciate your time, effort and advice.

Very truly yours,
